Learning Experience in Malta

ERASMUS+ MOBILITY IN MALTA

Learning experience in Malta

A short guide for schools, universities and organisations planning a mobility on the island.

WHO WE ARE

We bring Erasmus+ mobility to life in Malta

Lexema is the local partner that organises your project on the island: internships, housing, tutoring and cultural activities, handled by one team based in St Julian's.

01

Mobility projects

Internships and placements for students, teachers and staff within the Erasmus+ framework.

02

Non-formal education

Job shadowing, workshops and training that build skills by doing.

03

Language learning

English courses to make the most of every week on the island.

THE FRAMEWORK

Erasmus+ in a nutshell

The EU programme for education, training, youth and sport. It helps people gain skills and employability by learning and working abroad.

Where we work

KA1

Learning mobility

Students, school staff and young people spend a period abroad to grow their skills.

KA2

Cooperation

Partnerships between organisations to develop and share innovative practices.

KA3

Policy support

Political dialogue and the modernisation of education and youth policies.

HOW A KA1 PROJECT WORKS

Four partners, one project

C

Coordinator

Organises the project together with the sending organisation and the supporting organisation.

S

Sending organisation

The school or organisation that sends the participants, pays for the mobility and their allowance.

S

Supporting organisation

Organises everything locally: internships, housing, tutoring and cultural activities.

That's Lexema

H

Hosting company

The company that welcomes the participants for their internship.

WHAT WE DO

Everything on the ground, taken care of

01
Internships
Placements matched to each participant's field and goals.

02
Central housing
Self-catering apartments, managed directly by us.

03
Tutoring
A tutor following the group from arrival to departure.

04
Airport transfers
Transport to and from the airport, plus bus support.

05
Arrival training
Cultural and practical tips to settle in fast.

06
Host introduction
A first meeting with the manager of the host company.

07
Certifications
Documentation of the experience and skills gained.

08
Language courses
English lessons alongside the placement.

INTERNSHIPS FOR VET STUDENTS

The right company for every participant
