Lexema Learning Experience in Malta

PROGRAMME

- - - - X

Lexema Ltd. has been active in the field of Education and Mobility since **2016**. We have been working with many schools, universities and institutions of varied nature across Europe, organizing **internships**, **job shadowings** and **KA1 training courses** for students, teachers and staff. Our experience, connected with our passion for education, have given us the opportunity to develop successful projects. We hope that this will be an *unforgettable* experience for you!

“

We have to thank Lexema for this wonderful experience here in Malta. This is our best work experience that has helped us to grow culturally and professionally. Thanks for all

The coordination, attendance and information of my coordinator Libero Dachile has fulfilled my professional expectations when knowing the Maltese Educational System and Visiting Primary and Secondary Schools in Malta. I have really learnt, enjoyed and worked successfully. It has been a great working experience. I recommend you Lexema without doubt.

-Mr.Juan Carrión, English and French teacher in Granada, Spain, 2017

***I have been working for Lexema for 3 weeks and I really enjoyed this experience. I improved my english skills and learned a lot. Furthermore, this internship allowed me to better understand the management processes behind European projects.
The working atmosphere was nice.***
